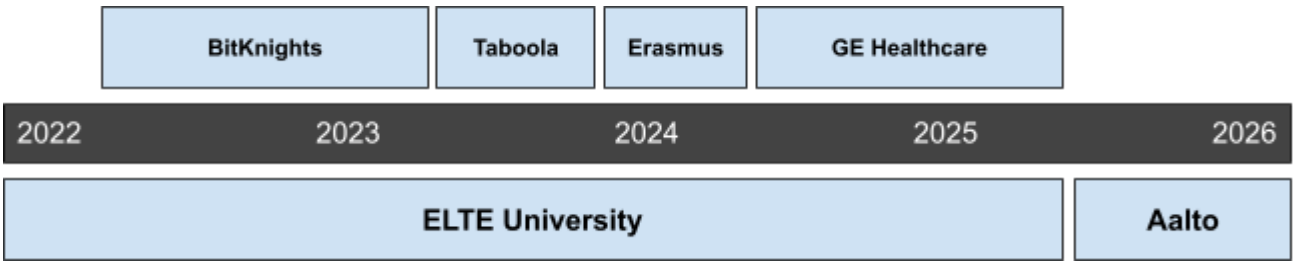
## Timeline: work experience and education



## Work experience

**GEHealthcare /** Software Engineer (1 year)

Jun 2024 - Aug 2025, Hungary

As one of three core developers, I made a **major impact** on a Customer Onboarding Tool, taking it **from PoC to MVP** and then **to Milestone 1**. I worked across the **full stack** (Go backend, TypeScript frontend), enhanced internal engineering tools via **REST API integration**, and gained end-to-end **experience in enterprise software development**, from design and implementation to testing and deployment.

**Taboola /** Algorithm Engineer Intern (0.5 year)

Sept 2023 - Jan 2024, Hungary

At Taboola, the world's largest discovery platform, I worked on the e-commerce **recommendation system** and developed in-house solutions for various challenges.

**BitKnights /** Junior ServiceNow Developer (1.5 year)

Jun 2022 - Sept 2023, Hungary

I secured this job in my first year of university after an interview that came about due to a mix-up on my resume—they thought I was in my second year. I ended up **acing the interview** and was hired. I'm still **proud** of that to this day.

## Education

### ICT Innovation

Sept 2025 - May 2027, Finland, Greece

I'm pursuing a **master's degree** in **Autonomous Systems and Intelligent Robots** at Aalto University and in **Maritime Robotics** at University of the Aegean in Greece.

### ELTE University

Sept 2021 - May 2025, Hungary

I completed my **BSc** in **Computer Science** at ELTE, with a semester abroad at **Åbo Akademi** University in Finland through the **Erasmus** program.

## Skills

My strong points are **logic**, **algorithms** and **enthusiasm**.

I have previous work experience with: **Go, React, Docker, Java, Python, Kubernetes, Typescript, ServiceNow, AWS, Git, Backend, Full-stack, Jira**

I'm fluent in **english**, beginner in **finnish** and native in **hungarian**

## Highschool awards

In 2017 I won a **national math competition** in Hungary.

Since 2018 I've been a **leader** at 121. Dr. Vetéssy Géza **scout troop**.

In 2021, I won **4th place** at an **"innovation competition"**.

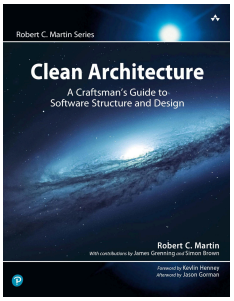
## About me

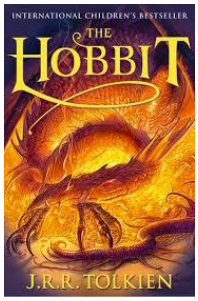
I'm a curious mind who seeks a **deeper understanding** of everything I dive into.

I prefer to minimize my time on social media, **stay productive**, and play games with friends.

I enjoy **extreme sports** (skiing/snowboarding, scuba diving, skydiving, bouldering)

## Favourite books





- Clean Architecture: A Craftsman's Guide to Software Structure and Design (Robert C. Martin Series)
- The Hobbit (J. R. R. Tolkien)
